

ABOUT THE STATE

HAPPENINGS OF INTEREST FROM DIFFERENT SECTIONS

B. J. Kelley, who died Monday at his home in Morrisville, was a furniture dealer there.

Mrs. Albert Gallatin Page, who died recently in Wolburn, Mass., at age of 94 years, married Mr. Page in Newbury in 1844 and lived there for many years.

Joe Blaise was badly injured in Bridport recently as he was pressing hay. He stood upon a platform which gave way, throwing him to the floor, where he struck upon his head and shoulders and was made unconscious.

Mr. and Mrs. David G. Baker observed the 50th anniversary of their wedding Jan. 9 in Guilford on the farm where Mr. Baker was born and where his father, grandfather, and great-grandfather lived and were buried. The family circle in the Baker family is unbroken, their seven sons and daughters being present for the celebration. The father and mother were each presented a gold watch by the children. Mr. Baker is a veteran of the Civil war.

General Sporting Notes.

There is strong talk going around the baseball circles that Joe Wood of the Red Sox will be traded to the Cleveland Indians and that Catcher Steve O'Neill will be given in exchange for the former Boston "smoke" ball artist. Cleveland would like very much to add Wood to their pitching staff, not only because he would bolster up their pitching staff, but because he and Tris Speaker are both close personal friends, they having been roommates and chums when playing on the Boston club. There is a strong possibility that Wood will not be in condition to do much hard work for a while, as he has not been pitching for a couple of years, but with a little training he ought to bring himself around to be of a good deal of benefit yet.

Pres. Frazee and Manager Jack Barry of the Boston Red Sox have their spring training trip schedule at Hot Springs arranged and will leave the Hub and their various homes in the country for the sunny South on March 5, reaching their training camp at Hot Springs on March 7 and 8. Manager Barry has a few ideas of his own about training a major league ball club, but undoubtedly he will stick to ex-manager Bill Carrigan's rule of one practice a day. This will be very agreeable to the players, as the horse races are on at the resort at the time the training season is started. The two champion teams, the Boston Americans and Brooklyn Nationals, will have a series of games on the road trip home from their training camps, which will be mapped out by Presidents Frazee and Ebbets to-day and to-morrow at the Knickerbocker hotel in New York. The managements are planning to make the trip through some of the larger cities so as to make as successful a trip financially as possible. One strong point in the spring training trips of the Red Sox during the past few years is that they have played very large salaries. One is Reacher, who has a hold-over contract calling for \$5,500, and Frank Snyder is similarly fixed with a piece of paper calling for \$6,200. Those who undoubtedly have had their rolls sliced are Chief Wilson, formerly a \$6,500 man; Jack Miller, who, it is said, was once worth \$6,000; Artie Butler, \$4,500, and Zina Beck, \$4,000 has probably not escaped the attention of the cut-down gun.

A GOOD RECOMMENDATION

Dr. Stansbury's Throat and Lung Healer and it has done me more good than all other remedies that I ever used. I think it a most wonderful medicine, and recommend it to all troubled with throat and lung complaints.

FOREST NOTES.

On about 2,000,000 acres of national forest lands grazing by domestic stock is either entirely prohibited or is greatly restricted to provide range for elk.

It is estimated that in 1915 about 40,000 forest fires occurred in the United States, which burned over about 5,900,000 acres and caused a damage of approximately \$7,000,000.

Revised estimates place the amount of standing merchantable timber in the United States at approximately 2,767,000,000,000 board feet. Of this amount 1,464,000,000 board feet, or 53 per cent of the total, is in California, Washington, Oregon, Idaho and Montana.

During the past fiscal year there were constructed on the national forests 227 miles of new road, 1,975 miles of trails, 2,124 miles of telephone line, 89 miles of fire lines, 81 lookout structures, 40 bridges, 222 miles of fence, 545 dwellings.

Catarrhal Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflammation of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running ear, and perfect hearing, and when it is entirely cured, Deafness is the result. Unless the inflammation can be reduced and this tube returned to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surface. Haile's Catarrh Medicine acts thru the blood on the mucous surface of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Haile's Catarrh Medicine. Circulars free. All Druggists.

PIMPLES ON FACE IN BLOTCHES

Also on Chest. Large, Red and Hard. Face All Disfigured. Would Itch and Burn.

HEALED BY CUTICURA SOAP AND OINTMENT

"My face and chest started to break out with pimples. Then my face started to get red and I used to scratch until the blood came. The pimples were large, red and hard, and the most of the time in blotches from my face to my chest. My face was all disfigured and would itch and burn so that I would stay awake most of the night."

"This kept on for seven and a half months so a friend advised me to try Cuticura Soap and Ointment. I sent for a free sample and it started to heal me so I bought three cakes of Cuticura Soap and one box of Ointment, and they healed me." (Signed) Antonio Felice, 74 St. John St., New Haven, Conn., Oct. 18, 1915.

Sample Each Free by Mail With 32-p. Skin Book on request. Address post-card "Cuticura, Dept. T, Boston." Sold throughout the world.

Since the passage in 1912 of the act providing funds for land classification and as a direct result of the classification work, a total of 13,477,781 acres has been eliminated from the national forests. This includes an elimination of approximately 5,800,000 acres of land from the Chugach national forest in Alaska, which embraced lands of low value for any purpose other than mining.
